## Local Information

The modern conference venue is in an attractive setting adjacent to the old part of Ljubljana with its historic buildings and riverside cafés. Accompanying partners will be able to explore Ljubljana and Slovenia in a safe and comfortable way. I have had the pleasure of meeting local organizers, visiting the world famous Lake Bled, visiting the Postojna Caves, exploring castles and eating at alpine villages.

The Local Organizing Committee will be providing contacts for self-organized trips. In the meantime you might find the following websites of interest:
