

## **PUBLISHING IN EDUCATION RESEARCH JOURNALS (PANEL DISCUSSION)**

Robert C delMas<sup>1</sup> and Peter Petocz<sup>2</sup>

<sup>1</sup>University of Minnesota, Minneapolis MN, United States

<sup>2</sup>Macquarie University, Sydney, Australia

[peter.petocz@mq.edu.au](mailto:peter.petocz@mq.edu.au)

*There are now several journals available for publishing high quality work in statistics education teaching and research. This session will include editors from the Journal of Statistics Education, Teaching Statistics, Statistics Education Research Journal, and Technology in Statistics Education. The editors will discuss the types of research and resources published in their respective venues, with an emphasis on how to increase the likelihood of publication of submitted manuscripts.*

*Session chair:* Peter Petocz
