

International Statistical Literacy Poster Competition 2014–2015

Participating

- Teams of 2–3 students
- 2 categories
 - a) students born in 1999 and younger
 - b) students born in 1996 and younger
- Free entry
- Registration starts on the 7th of April 2014

Why make a poster?

It is an interesting way

- to work as a team
- to investigate real questions using real data
- to use your mathematical and graphical skills
- to interpret statistical results
- to develop your written communication skills

Prizes

- National winners posters to be displayed at World Statistics Congress in Rio de Janeiro, Brazil 2015
- National and international prizes to be announced
